

**J. MARK's Restaurant** owner Steven Mark Wilson and his partners are proud as new fathers to announce that they've finalized a deal to open a second J. Mark's Restaurant in Ft. Lauderdale next summer. "Fort Lauderdale and the surrounding area is our home and we are extremely delighted to be able to open up our new location on Federal Highway." said Steven.

The very popular J. Mark's restaurant in Pompano Beach opened July 2007 and has been a dining destination ever since. Steven and his team are firm believers that their success is due to the variety of guests who visit them every day with the same goal in mind: fresh flavorful food in a casual and unpretentious atmosphere. "We're here to deliver a great experience to everyone who comes into our restaurants. Whatever makes them happy makes us happy. We care about them and they care about us, we become friends. We listen to them and that's what they deserve." Steven says.

Steven is frank when it comes to the question of why he's ready to open another restaurant when there are many others closing in the surrounding areas. "We are very grateful to our team members who ensure successful shifts each and every day, and our ability to grow is due to them and our guests who dine with us. Their commitment and loyalty allows us the ability to open this second restaurant. Without them we wouldn't be open today."

The menu will be similar to the current menu at J. Mark's (located at Copans and Federal Highway). Fresh hand-cut steaks grilled to perfection. Seafood in tune with the taste profiles of Floridians. Salads tossed to order, BEST burger in town and appetizers to match up with any drink. J. Mark's has been a popular stop for shoppers, guests looking to be entertained while having a cocktail and dinner guests who want the guarantee of great food with smiling, friendly and attentive service.

Steven guarantees success in Fort Lauderdale because of the product he and his team delivers to each and every guest every day, every shift. "We will not back down from high-quality. If we can't serve high-quality we won't serve it at all. J. Mark's will become your favorite restaurant."
